## DAILY BREAKDOWN

Date	Topics/ Skills covered
29 November 2025	Creating a small figure sculpture working from a life model. You will be taught clay modeling techniques and instructed how to use the tools.
30 November 2025	On the second day, you will explore the different ways of working with plaster. You will make plaster reliefs using clay. You will also be introduced to using aluminium and chicken wire as an armature to be used with plaster or on their own. You will decide on your personal project using a material of your choice with the help of your tutor. There is a material charge for people deciding to use wire.
