DAILY BREAKDOWN

DATE	TOPICS / SKILLS COVERED
22 January 2025	Preparing a zinc plate by filing, polishing and degreasing, applying a hard-ground and drawing with an etching needle. You can take the plate away to complete your drawing at home.
29 January 2025	Applying stop-out varnish and etching in a saline sulphate mordant. Inking up, wiping and proofing the etched image on the printing press.
5 February 2025	Degreasing the plate, applying a soft ground, before applying texture and/or drawing, and etching and proofing again.
12 February 2025	Preparing a second plate and etching in saline sulphate. You are encouraged to use the skills learned at the beginning of the course to develop a second etched image; this will help you to work independently by repeating the process.
19 February 2025	Continue to develop and proof your plates. You are encouraged to print a small edition of prints.
