DATE	09/02/2025
DAY & TIME	SUNDAY, 10AM - 4:30PM
LEVEL	BEGINNER
LOCATION	BANKSIDE CAMPUS

DAILY BREAKDOWN

Date	Topics/ Skills covered
09/02/2025	<p>This fun day of drawing is perfect both for novices as well as those returning to drawing after a break! This is also a great way to see whether you would be interested in doing a longer course with the Art Academy.</p> <p>The day will cover the basics of drawing, including line, tone, measurement, and shading, as well as include trying out various drawing materials, such as charcoal, chalk, pastels, and ink. In the morning, we will have a more figurative focus: we will draw from still life with an aim for a more realistic image. In the afternoon, we will experiment, mix materials, as well as focus on bringing out your own style of drawing!</p> <p>At the end of the day, you will have a grasp of the basics of drawing, allowing you to continue your practice either with another class or on your own.</p>
