## DAILY BREAKDOWN

Date	Topics/ Skills covered
22 August 2026	Working from life, we will make a 1\4 of a life size figure in clay. Students will start with few short sketching in clay exersices. They will be taught how to start their work by looking at the body in space, first. They will then be shown basic visual techniques of measurements as well as the key points of the anathomy. Students will also be introduced to different modeling tools and how to use them when applying the clay.
23 August 2026	On the day two we will discuss the body mass and looking more closely at the planes and shapes of the different parts of human body.
